

In a time when our nation is fighting over whether we can display the ten commandments, or if we can be "one nation under God", it scares me to think that the only radio station that I listen to may be taken off the air and replaced by who knows what kind of programming. K-love is an inspiration to every one who listens to it. It is beyond my comprehension that a radio station that is totally listener supported by millions of people all over the world, including our troops overseas, could be bumped locally by a low power fm station. K-love saves lives, and souls. Someone who is thinking of committing suicide can call and talk to a staff pastor at any time, and this has happened. But, these lives may be lost without K-love. PLEASE, do not let this happen.
